

# BATTING 400

## **Introducing a powerful new measure of the U.S. market.**

The Barron's 400 index tracks the market's heaviest hitters. It's an innovative measure of U.S. securities, made up of companies that score highest when evaluated against fundamentals-based criteria. Calculated by Dow Jones Indexes, the Barron's 400 combines proprietary analytics\* with a rules-based approach. See how the index compares against other leading indicators at [www.barrons400.com](http://www.barrons400.com).

The Barron's 400 is published in Barron's Magazine and on Barron's Online.

"Barron's", "Barron's 400" and "Dow Jones Indexes" are service marks of Dow Jones & Company, Inc. Inclusion of a company in the Barron's 400 does not in any way reflect an opinion of Dow Jones or Barron's on the investment merits of the security.

\*Stock selections are supplied by MarketGrader.com and are based primarily on fundamental rankings using quantitative research.
